Intern Spotlight

This month we would like to spotlight Montea Berrie, who is working on her 2nd internship with the KKS program. We appreciate all of the work she has done for us. In her own words, Montea shares some information about her internship with the program.

"I'm a senior at CSU Fullerton majoring in Human Services with aspirations to become a clinical social worker. I am currently a Crisis Intervention Coach at CSUF. I enjoy volunteering in my community by helping out at the Boys & Girls Club, volunteering at my local elementary school, as well as helping out at a neighborhood foster home. I enjoy working with at risk teens and helping others learn to cope with their current situations.

Working with the KKS Program, I have witnessed how families are faced with difficult circumstances that life presents them and I have been able to help hold the family together by offering them the KKS Program services. I enjoy volunteering and appreciate all of the opportunities KKS has provided me with. I am developing into a well rounded professional and the KKS team has assisted me greatly in doing so. I love coming to the program because the environment is so welcoming and this program has so many growth opportunities in which I have been fortunate enough to experience. I believe that the KKS Program is an asset to the Family Court System and I love working with the wonderful staff and other volunteers. Thank you for the opportunities that I have been provided with. "

KKS Intern Experience

Anh-Phuong Tran will be ending her internship with the KKS program at the end of March and she would like to share the skills she developed during her internship with the KKS program.

"I am fortunate to have had a chance to be an intern at both LJC and La Familia. It has been a great experience for me. I have learned and practiced a lot at both places such as writing reports, observing and taking notes during supervised visitations, learning intake procedures, developing listening skills, gaining knowledge working in a diverse environment and customer service skills."
