**Orange County Juvenile Court  
Miscellaneous Order M-2015-4  
Re: iFoster Computers for Foster Youth**

High School completion is vitally important for foster children. A computer is an indispensable tool for accessing internet resources and achieving a high school diploma. The vast majority of foster youth lack the financial means to purchase and to maintain a computer. To address this resource disparity, the Orange County Department of Education and Foster Youth Services have partnered with the nonprofit organizations, iFoster, ABC Mouse (Age of Learning, Inc.), and the Successful Survivors Foundation to provide and to maintain computers for eligible foster children at no cost to foster children. The Successful Survivors Foundation has established an account to fund the acquisition of the computers through private donations.

**FOR GOOD CAUSE SHOWN THEREFORE**, iFoster is authorized to provide Orange County foster children with computers and maintain those computers pursuant to a data management agreement at no cost to the foster children. In order to improve and enhance the services offered to foster youth, Foster Youth Services is authorized to collect and analyze data relating to the use and access of the free online tutoring and career planning activities provided to foster youth.

This Juvenile Court Miscellaneous Order is to remain in effect for two years (expiring November 18, 2017) unless otherwise ordered by the Presiding Judge of the Juvenile Court.

Dated this 17th day of November, 2015.
