Information about Data on Compact Disks

Monthly CD: The file for the current month is generated on or about the 15th day of the following month and is cumulative for the year. For example, a file generated on July 15, 2008, will contain data for the period January 1, 2008 through June 30, 2008. **If you are interested in a specific month, specify the month that you are requesting here:** _____

***Legacy CD:** The legacy CD contains all index data for each operational area from the last generated monthly index, back to the earliest index data residing in the data base.
